WHO WE ARE

- ◆ Founded in Italy in 1969, Atlas Concorde is one of the world's leading ceramic companies.
- ◆ Established the 'Made in Italy' mark as the international gold standard for premium quality in ceramics.
- ◆ A premier system of indoor & outdoor surfaces for floors, walls and decors that is synonymous with elegance and style.
- ◆ Wide product offerings with popular design collections such as Marvel, Boost, and more.

MISSION & VISION

◇ Mission

To be the best expression of Italian Design Culture and modernize spaces through elegance and refinement.

◇ Vision

Sustainably enriched spaces with the touch and beauty of Italian design, that induce emotional wellbeing through their experience.

A HISTORY OF VALUES

- ◆ Growth and success based on founding values
- ◆ Technological innovation
- ◆ Product research
- ◆ Total reliability
- ◆ Respect for the environment
- ◆ Confidence in the future

STRENGTH IN NUMBERS

50+

50+ years of history

Active in 5 continents
130 countries

7 showrooms,
16 offices globally

4 production facilities

800 employees & associates

20 million sqm annual capacity

Over € 360 million Sales annually

€ 160 million invested in 5 years

PASSION & VOCATION:

◇ Passion for ceramics

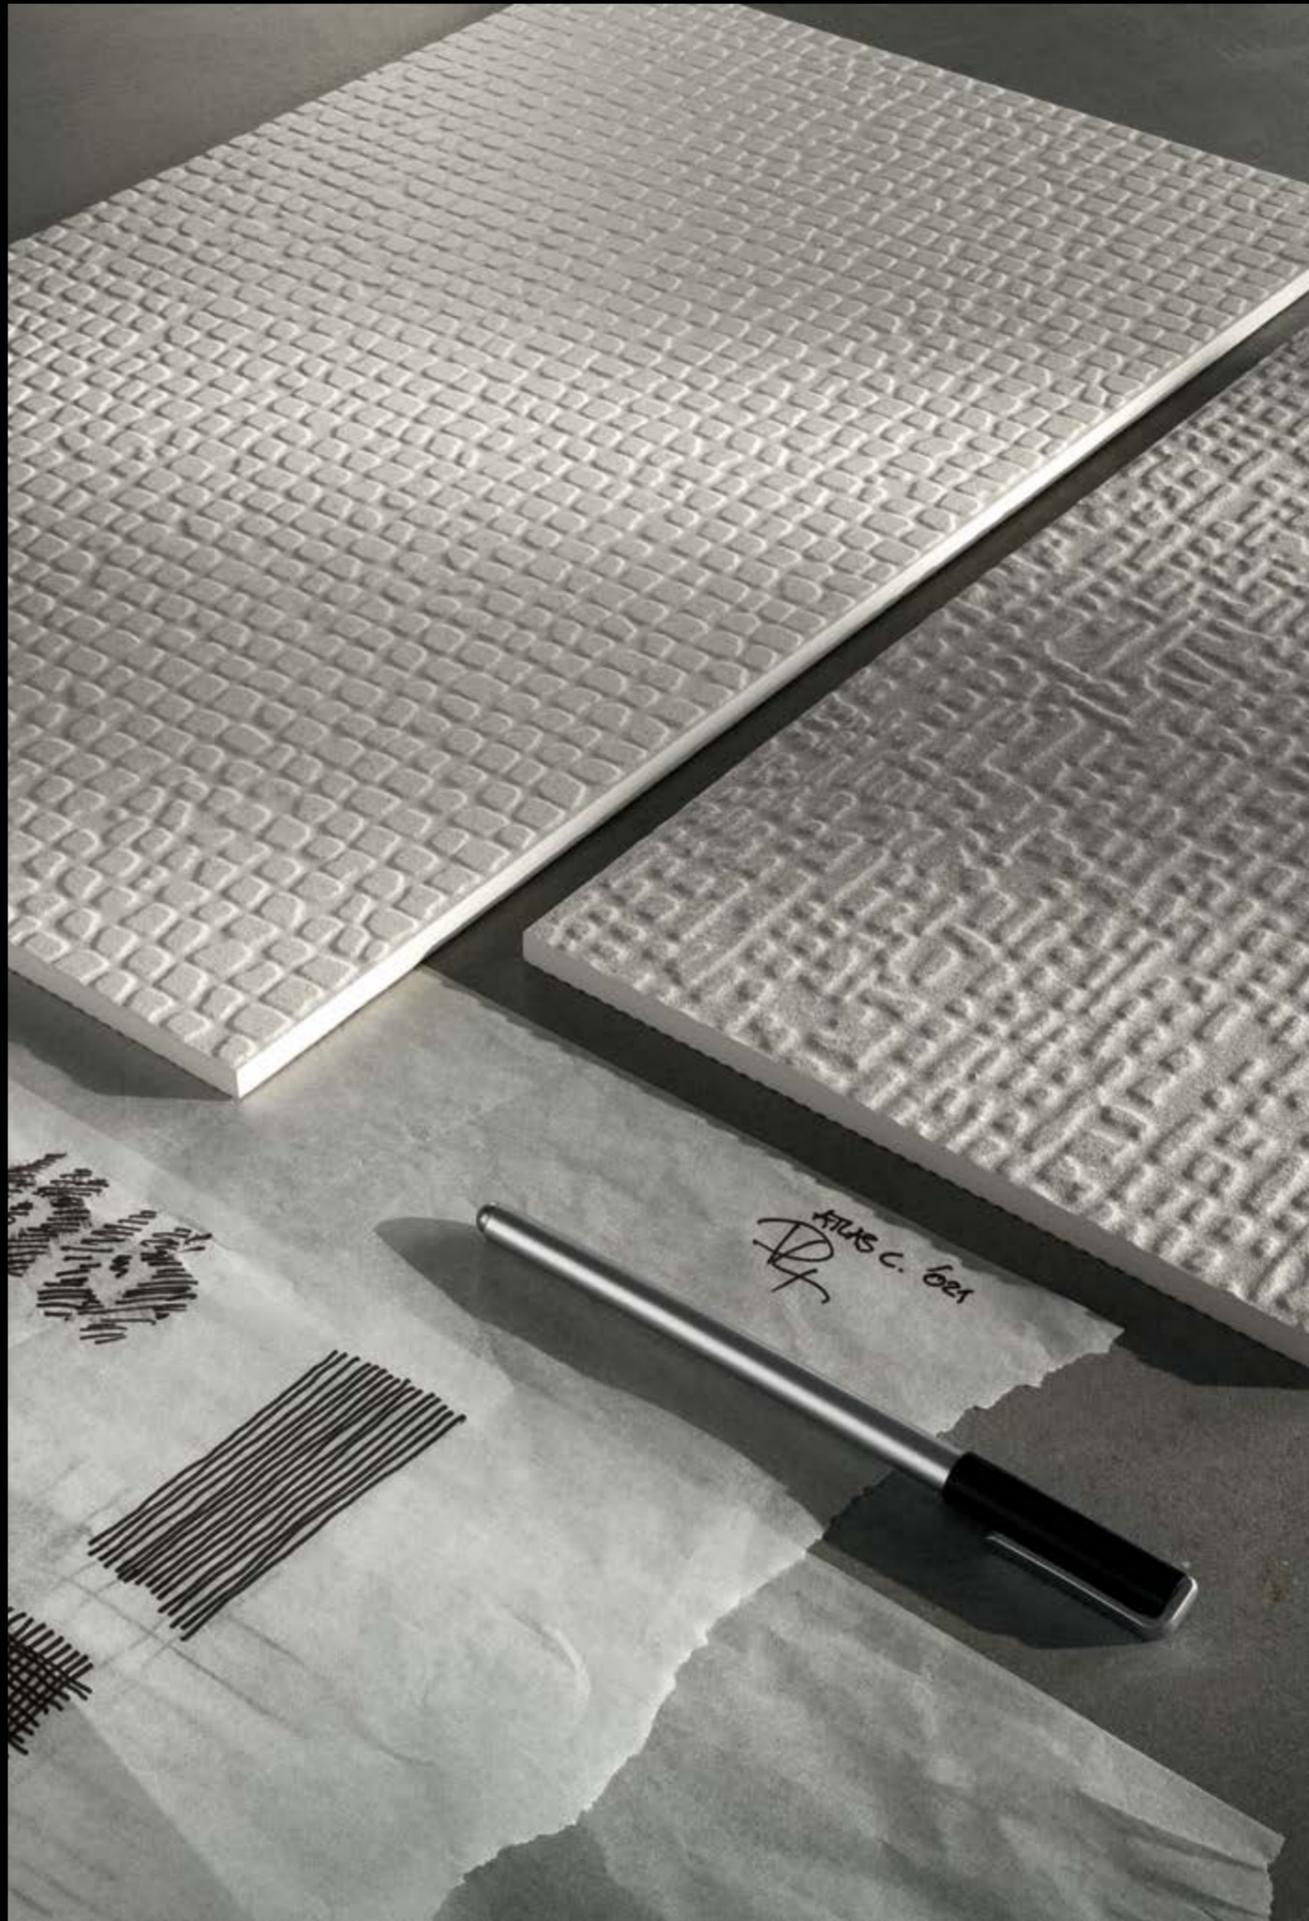

Passion for ceramics combines **years of know-how** with **maximum industrial efficiency**.

Collections that embody the most authentic values of **Made in Italy** and essence of **inspirational natural material**.

◇ A vocation for design

Product solutions are highly valued by designers and architects around the world.

Prestigious **partnerships with internationally renowned professionals** ensure the best design innovations and style trends.

DESIGN IN OUR DNA

With designers, for designers

Long tradition of working with internationally renowned architects and designers across the world.

A collaborative process of interpreting stimuli and suggestions to develop surfaces in line with the most advanced needs of contemporary design.

DESIGN AWARDS

◇ Our products compete for top awards and international recognition.

Red Dot Design Award

One of the most prestigious awards in the design sector, with particular reference to the technology sector.

ADI Design Index

The yearbook held by the Associazione per il Disegno Industriale which each year identifies the best Italian design put into production.

PORCELAIN TILES MADE TO EXCEL

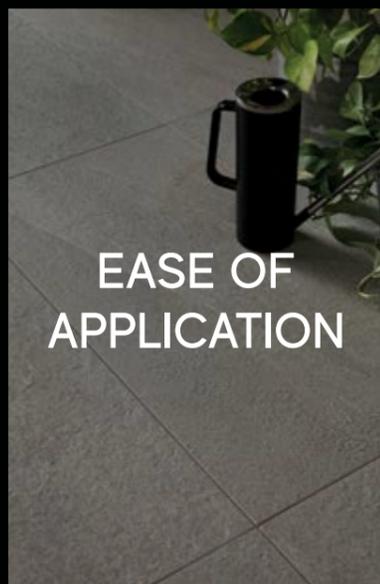

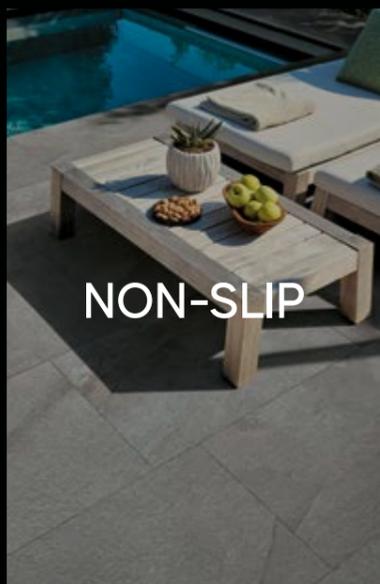

- ◆ Atlas Concorde Porcelain tiles are made of extraordinary materials

Endowed with technical characteristics that make them an optimal choice for their ease of application, cleaning, use, and maintenance, these porcelain tiles offer a unique combination of ultra-high performance and authentic Italian design.

- ◆ Atlas Concorde Porcelain tiles are the safest solution

For floors, walls, and surfaces in residential, commercial, and public architecture, both indoors and outdoor.

Sensitech

FLOOR TILES

The foundation of the product system consists of a wide range of indoor and outdoor porcelain floor tiles with excellent technical and quality performance.

WALL TILES

The variety of effects, textures, decors and three-dimensional wall tiles satisfies any design and end-use need.

FACADES

Atlas Concorde porcelain tiles are the ideal choice for the exterior cladding of commercial and residential buildings because they combine beauty, longevity, versatility, and technical performance.

KITCHENS & COUNTERS

Large ceramic slabs in various thicknesses for kitchens, worktops, tables and shutters. The surfaces are innovative in concept and style and add a distinctive touch to any room.

LARGE FORMATS

Large slabs boost the dramatic effect of floors, walls and furnishings. Available in sizes 120x278, 160x320, these porcelain surfaces offer full design freedom for indoor and outdoor settings.

WELCOME TO OUR WORLDS

Atlas Concorde's "Mondi" are homogeneous systems of ceramic surfaces, connected by style or look that simplify the designer's job in selecting the most suitable solutions for each application.

MARVEL WORLD

From marble to marvel

BOOST WORLD

Boost your style

MARVEL WORLD

Marvel World is a comprehensive collection, uniting all the tiles of the marble-effect in a single catalog and expanding their creative and interpretive possibilities.

A range of colors and surfaces featuring a surprising realism that offers all the technical and practical advantages of ceramic tiles.

MARVEL

— TRAVERTINE

The timeless beauty of one of history's most enduring architectural stones is reinvented in this collection, offering a modern, sophisticated touch. The Vein Cut highlights signature linear patterns of classic travertine, while the Cross Cut reveals its natural shading and texture, celebrating architectural heritage through beautiful stone-look porcelain.

BOOST NATURAL

The collection draws inspiration from the confluence of raw earth and tactile surfaces that are both aesthetically pleasing and feel comfortable underfoot. The tones are muted, earthy, reminiscent of sun-baked clay or aged soil, adding warmth and texture to spaces that want authenticity.

NATURAL PRO

The design brings grounded, earthy elegance to surfaces, celebrating the essence of the hand-crafted concrete effect. Developed with Architect Matteo Brioni, it's inspired by the naturality of raw earth and translated into a refined palette of light and warm tones, including soft beiges, dusty taupes, and calming creams.

BOOST EXPRESSION

Designed by Architect Elisa Ossino, this collection channels the unmatched concrete effect into a raw yet refined aesthetic. Inspired by urban surfaces gently weathered by time, the textural, three-dimensional concrete effect is brought to life through modern shades and subtle decorative elements.

BOOST STONE

A collection inspired by the natural character of limestone from the French Pyrenees, reimagined with a calm architectural approach. These stone-look porcelain tiles, suitable for both outdoor and indoor spaces, feature a simplistic appearance and are available in earthy tones, from mild ivories to deeper greys.

BOOST MIX

A modern reinterpretation of Ceppo di Grè, this series captures the eternal appeal of 20th-century Milan. Its unique graphic, pebble-like appearance, gives architectural depth and unmistakable personality, with earthy shades of stone and grey contemplating the multi-layered beauty of urban facades.

One-stop partner that offers reliability built around technological innovation, the excellence of Italian design, logistical efficiency, and the ability to handle large orders.

TECHNOLOGIES

Sensitech

- ◇ Sensitech is the high-tech surface, Europe patented, for indoor and outdoor settings created by Atlas Concorde Laboratories. The surface combines high slip resistance performance with tactile softness.

High slip resistance

Soft to the touch

Velvetech

- ◇ Velvetech is the new technology with a patent filed in Europe, with silk-like reflections and a velvety soft hand. The naturalness of the surface is emphasised by areas of different opacity that contribute to the depth of the surface.

Medium reflection surface

Velvety soft hand

NATURA-VEIN™ TECH

- ◇ Natura Vein Tech is Atlas Plan's technological innovation for marble-effect porcelain slabs with through vein.

Through vein

NATURA-BODY™ TECH

- ◇ Natura Body Tech is Atlas Plan's technology to reproduce the aesthetics of natural stone both on the surface and in the body of the slab.

Full body slabs

RESPONSIBILITY

Our commitment for the environment.

MADE IN ITALY

For Atlas Concorde, being Made in Italy is not just a prestigious certification of style, design, and production excellence, but an identity that involves all aspects of its business. For this reason, we identify with the values expressed by Confindustria Ceramica's ethical code, which guarantee absolute compliance with labor regulations, and with the marks Made in Italy and Ceramics of Italy, which certify the quality of authentic Italian style.

CIRCULARITY

100% of cooked and raw waste recovered internally

90% recovered waste

100% water recovered for internal use

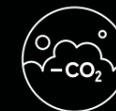

100% recyclable packaging materials

ENVIRONMENT, HEALTH AND SAFETY

Advanced purification systems, which contribute to the containment of atmospheric emissions

Reduction of CO₂ emissions due to automated vertical warehouse

RTO system to reduce harmful emissions and odours

0% lead, cadmium, and other dangerous substances in products

All Atlas Concorde surfaces do not release harmful levels of VOCs (Volatile Organic Compounds)

REDUCTION & SELF-PRODUCTION OF ENERGY

Heat recoveries from industrial furnaces

Efficient methane gas cogeneration plant

100% LED light

Recovery of residual heat energy by tube heat exchangers

Photovoltaic system producing over 4 GWh annually

INTENDED USES FOR OUTDOORS

INDUSTRIAL AND/OR COMMERCIAL AREAS FOR VEHICLES

Squares, public car parks, filling stations, paving for forklift trucks, pallet jacks, trailer trucks, buses, industrial platforms, etc.

INSTALLATION METHOD

1. LAYING WITH ADHESIVE using the "double buttering" method. Choose porcelain tile with a thickness greater than or equal to 20mm with anti-slip finish (2).

AREE INDUSTRIALI E/O COMMERCIALI CARRABILI

Piazze, parcheggi pubblici, stazioni di rifornimento, pavimentazioni con transito di carrelli elevatori, transpallet, autoarticolati, autobus, piattaforme industriali, ecc...

TIPO DI POSA

1. POSA CON ADESIVI con il metodo della "doppia spalmatura". Utilizzare gres porcellanato a spessore superiore o uguale a 20mm con finitura anti-scivolo (2).

RESIDENTIAL AREAS FOR VEHICLES

Outdoor courtyards, private homes, apartment complex parking lots (garages), etc. Pavements used only by cars.

INSTALLATION METHOD

LAYING WITH ADHESIVE using the "double buttering" method. Choose porcelain tiles with anti-slip finish (2).

AREE RESIDENZIALI CARRABILI

Cortili esterni abitazioni private, parcheggi condominiali (garage interni), ecc... Pavimentazioni a transito esclusivo di autovetture.

TIPO DI POSA

POSA CON ADESIVI con il metodo della "doppia spalmatura". Utilizzare gres porcellanato con finitura anti-scivolo (2).

AREAS FOR PEDESTRIANS ONLY

Patios, gardens and walkways, terraces, balconies, urban pedestrian areas, etc.

INSTALLATION METHOD

1. RAISED INSTALLATION AND "DRY" LAYING (on grass, sand and gravel). Choose porcelain tile with a thickness greater than or equal to 20mm with anti-slip finish (2).
2. LAYING WITH ADHESIVE using the "double buttering" method. Choose porcelain tiles with anti-slip finish (2).

AREE SOLO PEDONABILI

Patii, giardini e camminamenti, terrazze, balconi, aree urbane pedonali, ecc...

TIPO DI POSA

1. POSA SOPRAELEVATA E A "SECCO" (su erba, sabbia e ghiaia). Utilizzare gres porcellanato a spessore superiore o uguale a 20mm con finitura anti-scivolo (2).
2. POSA CON ADESIVI con il metodo della "doppia spalmatura". Utilizzare gres porcellanato con finitura anti-scivolo (2).

POOL EDGES

INSTALLATION METHOD LAYING WITH ADHESIVE using the "double buttering" method. Choose porcelain tiles with anti-slip finish (2).

BORDI PISCINA

TIPO DI POSA POSA CON ADESIVI con il metodo della "doppia spalmatura". Utilizzare gres porcellanato con finitura anti-scivolo (2).

* Polished and silk finishes are recommended for low-stress residential or commercial floors where anti-slip performance is not required. The surface's shine and superior ease of cleaning are the result of in-depth studies and extensive technical research aimed at ensuring its durability over time. If the product is in direct contact with the outside, use moisture and dirt absorption devices to prevent scratches. Under no circumstances does Atlas Concorde accept responsibility for any use of the product other than as recommended above.

- Le finiture lappata e silk sono indicate per pavimenti residenziali o commerciali poco sollecitati, laddove non siano richieste prestazioni antiscivolo. La lucentezza e l'elevata facilità di pulizia della superficie sono frutto di studi approfonditi e accurate ricerche tecniche volte a garantirne la persistenza nel tempo. Se il prodotto è a diretto contatto con l'esterno, prevedere dei dispositivi di assorbimento dell'umidità e dello sporco per prevenire la formazione di graffi. Atlas Concorde non si assume in nessun caso la responsabilità per un uso del prodotto diverso da quanto consigliato sopra. - Les finitions rodée et soyeuse conviennent aux sols résidentiels ou commerciaux à faibles contraintes, où la performance antidérapante n'est pas requise. La brillance et la grande facilité de nettoyage de la surface sont le résultat d'études approfondies et de recherches techniques précises visant à assurer sa persistance dans le temps. Si le produit est en contact direct avec l'extérieur, prévoyez des dispositifs d'absorption de l'humidité et de la saleté pour éviter la formation de rayures. Atlas Concorde n'accepte aucune responsabilité pour toute utilisation du produit autre que celle recommandée ci-dessus. - Die Oberflächenversionen Gläpplp und Silk eignen sich für Bodenbeläge in Wohnbereichen bzw. in gering beanspruchten Gewerberäumen, wenn keine Rutschfestigkeit erforderlich ist. Der Glanz und die einfache Reinigung der Oberfläche sind das Resultat eingehender technischer Studien, mit denen die langfristige Beständigkeit sichergestellt wurde. Kommt das Produkt direkt mit der externen Umgebung in Kontakt, so sind Feuchtigkeits- und Schmutz mit geeigneten Mitteln aufzunehmen, um Kratzer zu vermeiden. Atlas Concorde haftet keinesfalls für eine nicht den vorstehenden Empfehlungen entsprechende Verwendung des Produkts. - Los acabados lapeados y silk son adecuados para pavimentos residenciales y comerciales con poco tráfico, donde no se requiere un efecto antideslizante. El brillo y la gran facilidad de limpieza de la superficie son el resultado de profundos estudios e investigaciones técnicas precisas para asegurar su persistencia en el tiempo. Si el producto está en contacto directo con el exterior, proporcionar dispositivos de absorción de humedad y suciedad para evitar arañazos. Atlas Concorde no asume responsabilidad alguna por cualquier uso del producto distinto del recomendado anteriormente. - Лапатированная поверхность и поверхность Silk рекомендованы для полов жилых и коммерческих помещений с невысокой интенсивностью эксплуатации, в которых от покрытия не требуется характеристик сопротивления скольжению. Блеск и легкая очищаемость являются результатом глубоких исследований, направленных на создание долговечного материала. Если плитка находится в непосредственном контакте с наружной средой, необходимо предусмотреть устройства поглощения влаги и грязи во избежание образования царапин. Atlas Concorde не несет ответственности за использование изделий с нарушением вышеприведенных рекомендаций.

PRECAUTIONS - VELVET IS A DELICATE SURFACE

The Velvet finish is a delicate surface that requires care. To preserve its beauty and ensure proper use, please refer to our instructions on page 316.

La finitura Velvet è una superficie delicata che merita attenzione. Per mantenerne integra e la bellezza e garantirne un uso adeguato, consultare le nostre istruzioni pag 316.

For the properties of slip resistance required in the aforementioned uses it is always necessary to comply with the local laws, regulations and uses, referring to the technical sheets of the selected products. - Per le proprietà di resistenza allo scivolamento richieste nelle destinazioni d'uso sopra citate occorre sempre attenersi alle normative, leggi ed usi locali facendo riferimento alle schede tecniche dei prodotti selezionati. - Pour les propriétés de résistance à la glissade exigées par les destinations d'usage susmentionnées, il faut toujours respecter les normes, lois et réglementations locales en se référant aux fiches techniques des produits sélectionnés. - Für die von den obigen Zweckbestimmungen verlangte Rutschfestigkeit sind stets die örtlich geltenden Vorschriften, Gesetze und Gebräuche zu beachten. Siehe hierzu die technischen Datenblätter der gewählten Produkte. - Para las propiedades de resistencia al deslizamiento requeridas según los usos previstos antes indicados, es taxativo atenerse a las normativas, leyes y usos locales siempre consultando las fichas técnicas de los productos seleccionados. - Характеристики сопротивления скольжению при использовании плиток для вышеописанных назначений выбирают согласно местным законам, стандартам и правилам по листу технических характеристик выбранных изделий.

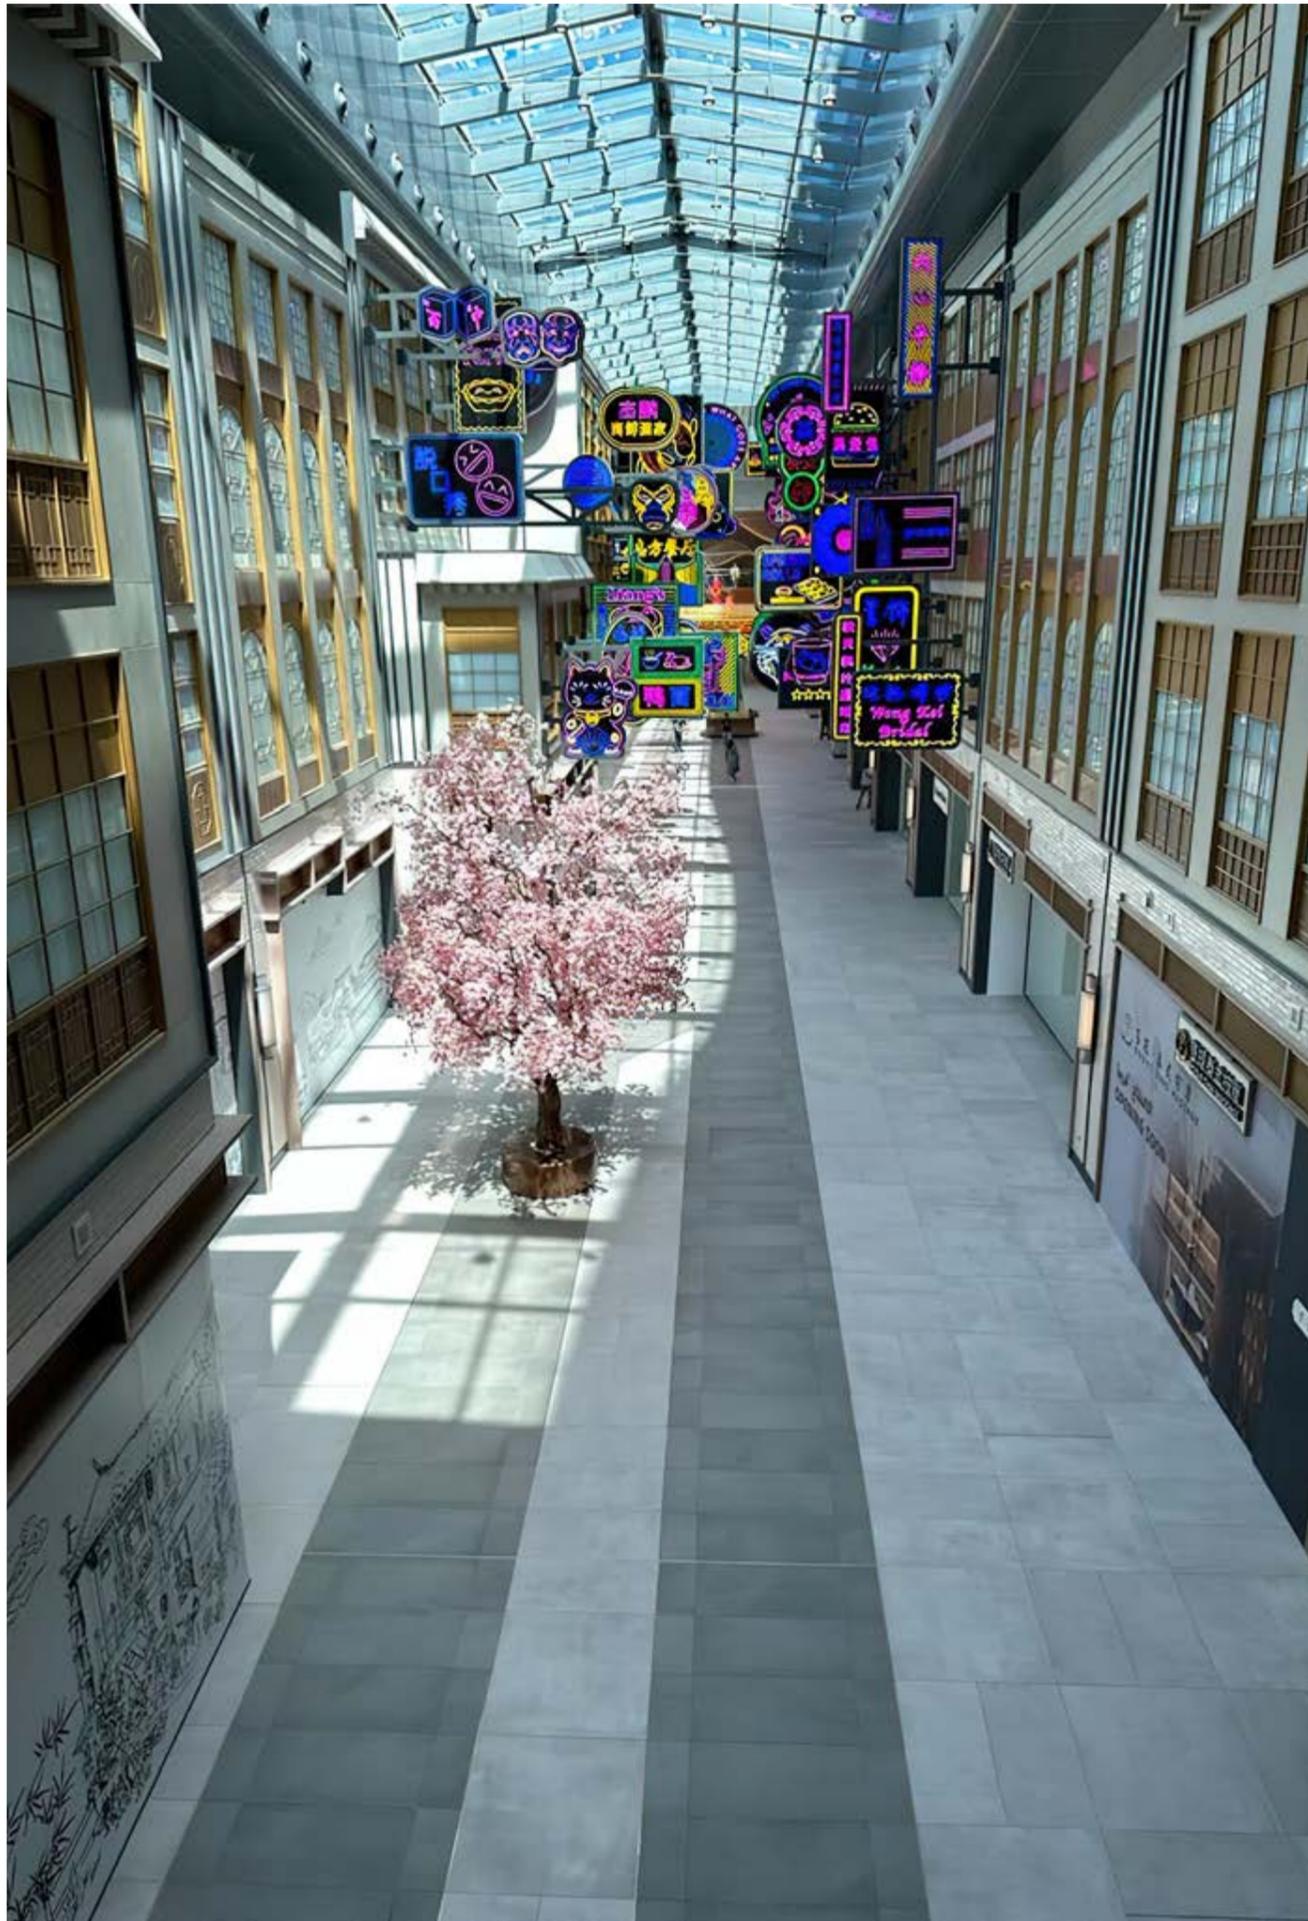

ALL OVER THE WORLD

- ◆ Atlas Concorde boasts thousands of prestigious architectural and interior design projects in all contexts: residential, commercial, public, indoor or outdoor spaces.

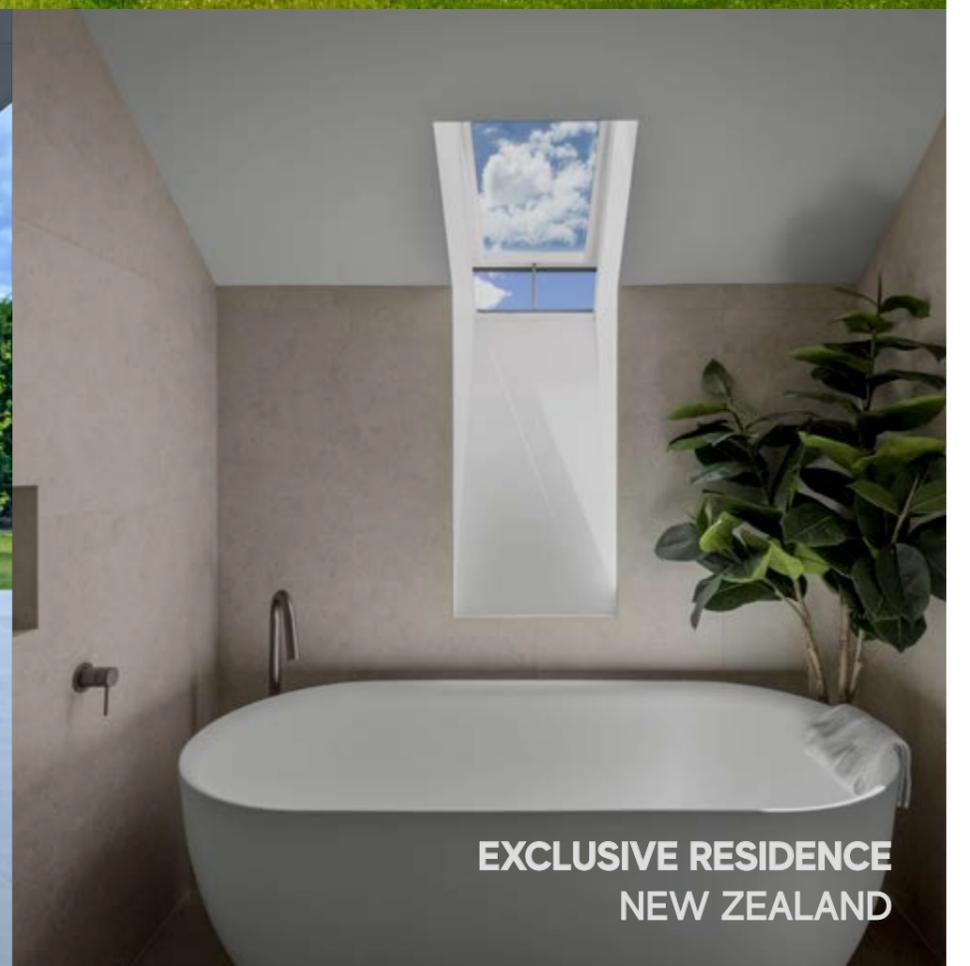

These projects are the best testament to the appreciation received by designers and architects all over the world.
